Hi Renee,

I forwarded your email along with EPA's letter to the NPDES Program Managers. David Hung from RB4 is asking for a copy of the ATP. Please forward to David and the other NPDES Program Managers. Thanks.

Phil

Hello,

The approval letter State Water Board received from EPA Region 9 applies to **both** oceanic and non-oceanic NPDES permits.

My earlier e-mail stated that only non-oceanic permits received approval to utilize the alternative test procedure for TST. This ATP applies to all permits.

The approval letter does not need revision, but I have attached another copy here for convenience.

Thank you
Renee
